## Independent Auditors' Report

Board of Directors  
Legacy Asset Securities, Inc.  
Houston, Texas

We have audited the accompanying Statement of Financial Condition of Legacy Asset Securities, Inc. as of December 31, 2007, and the related Statements of Income, Changes in Shareholders' Equity, and Cash Flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Legacy Asset Securities, Inc. as of December 31, 2007, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**December 31, 2007**

**Note 1 - Accounting Policies and Description of Business**

Legacy Asset Securities, Inc. maintains its accounts on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Accounting principles followed by the Company and the methods of applying those principles which materially affect the determination of financial position, results of operations and cash flows are summarized below:

**Description of Business**

Legacy Asset Securities, Inc. (the Company), located in Houston, Texas, is a private investment banking firm and fully-disclosed securities broker-dealer. The Company is registered as a broker-dealer with the Securities and Exchange Commission, and is a member of the Financial Industry Regulatory Authority (FINRA) (formerly the National Association of Securities Dealers (NASD)).

**Statement Presentation**

An unclassified Statement of Financial Condition is presented in accordance with industry standards.

**Revenue Recognition**

Commissions are recognized when trades settle and receivables are recorded at that time. Interest revenue is recorded when it is earned.

In July, 2007 FINRA was formed through the consolidation of the NASD and NYSE Member Regulations. As a result of this consolidation, the Company received payment from FINRA in the amount of \$35,000 to reflect cost savings. This amount was recorded as revenue in 2007.

**Cash and Cash Equivalents**

The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents.

**LEGACY ASSET SECURITIES, INC.**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**December 31, 2007**

**Cash Deposit with Clearing Organization**

The Company clears all of its customer transactions through another broker-dealer on a fully disclosed basis. This clearing broker-dealer requires a deposit in the amount of \$35,000. As of December 31, 2007, the Company had deposits of \$77,685 with the clearing broker.

**Federal Income Tax**

The Company has elected S corporation status for federal income tax purposes. Under S corporation regulations, net income or loss is reportable for tax purposes by the shareholders. Accordingly, no federal income taxes are included in the accompanying financial statements.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Note 2 - Net Capital Requirements**

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis.

There were no material inadequacies found to exist in the computation of the ratio of aggregate indebtedness to net capital at December 31, 2007, or in the procedures followed in making the periodic computation required. At December 31, 2007, the Company had net capital of \$72,784 and a net capital requirement of \$50,000. The Company's ratio of aggregate indebtedness to net capital was .11 to 1. The Securities and Exchange Commission permits a ratio for the Company at this time of no greater than 15 to 1.

**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**December 31, 2007**

**Note 3 - Transactions With Related Parties**

The Company has a contract for services with Legacy Asset Management, Inc., a party related through common ownership. The Company had office expenses of \$236,062 for the year ended December 31, 2007, in connection with this contract. These expenses include, but are not limited to, office space, clerical support and communications systems.

**Note 4 - Profit Sharing Plan**

In 2005, the Company became an adopting employer of the Legacy Asset Management Retirement Plan (the Plan), which is available for all eligible employees, as defined by the plan document. Under the Plan, the Company makes matching contributions equal to 100% of each employee's salary deferral that does not exceed 3% of the employee's compensation, plus 50% of the employee's salary deferral between 3% and 5% of the employee's compensation. Employer matching contributions totaled \$1,933 in 2007.

**Note 5 - Reconciliation to Amounts Reported by the Company in Part II of Form X-17A-5**

Board of Directors  
Legacy Asset Securities, Inc.

In planning and performing our audit of the financial statements of Legacy Asset Securities, Inc. (the Company) as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute

assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the Company's financial reporting.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
